

# **Waste, Trash, and Recycle Collection Service Information Saraland, Alabama**

## **Garbage Collection**

- Garbage collection is twice per week, either Monday/Thursday or Tuesday/Friday. Please refer to the service day maps.
- Each home is provided a 95- or 96-gallon rollout cart. All garbage must be placed in the cart. Additional carts can be requested, additional rates apply.
- Carts should be on the curb, or the designated collection area, by 7am on collection day to ensure service. For a variety of reasons, Amwaste route trucks will have varying collection times and may not service each home at the same time every week. Once the new routes are established, a more consistent collection time will begin to occur. Collection times for the second service day will not necessarily occur at the same time as the first collection day.
- On holiday weeks, only one collection will occur for residents who have the holiday fall on one of their garbage service days.

## **Trash and Bulk Collection**

- Trash collection is once per week. Please refer to the Trash and Bulk map below for the scheduled service day for each area.
- Collection per home is limited to four cubic yards. Should more be placed at the curb, four yards will be collected and the remainder will be collected the following week(s) at 4 cubic yard increments until all waste is removed. Residents may directly contract with Amwaste to schedule delivery of a rolloff container for large volume projects.
- Trash, bulk or debris generated by the work of a contractor will not be collected. All contractors licensed to work in the City of Saraland are required to remove the waste as part of the work they perform.

## **Recycle Collection**

- Recycle will be collected on the second garbage service day of the week. If garbage collection service days are Monday and Thursday, recycle collection is Thursday. For Tuesday and Friday residents, recycle collection is Friday.
- Only acceptable items will be collected. Please refer to acceptable items list.
- Recycle items not fitting in the bin can be placed in other containers and set out with the bin. Please do not place recycle items in plastic bags. Plastic bags are not accepted.

For all questions or to setup service, please email Amwaste at [customer@amwaste.net](mailto:customer@amwaste.net) or call the local number above.
